STAT

STAT Dear :

I have not overlooked your letter of February 28, 1952 and have had another look at the possibilities here.

I regret to tell you that at the present time there doesn't seem to be anything available so that if there are other possibilities, as I am sure there are, I think you would do well to follow them up.

If anything develops here later, I shall certainly let you know.

Sincerely yours,

Allen W. Dulles  
Deputy Director
